## Volume 7 (1999)

### Adolescent Health

Muscari ME. Maximum mileage. Preventing teen auto deaths. 1999;7(2):61-62.

Nelson JA. Adolescent risks, adult consequences. HIV infection issues in America's youth. 1999;7(9):57,59,82.

Pogue SJ. Acne in adolescents. Need for treatment is more than skin deep. 1999;7(4):53-55.

Rubin MM. Cytologic concerns in adolescents. Entering the transformation zone. 1999;7(9):53-54,56.

Treating your acne. 1999;7(4):55.

Varley P. ADHD in adolescents. Perspectives on care. 1999;7(2):59-60.

### AIDS and HIV

Epley D. Pain management in HIV-positive patients. Issues to consider. 1999;7(11):49-51.

Johnson D, Currier-Silverstein J, Sanchez-Keeland L. Building barriers to HIV. Protecting women through contraception and infection prevention. 1999;7(5):40-44,46.

Leccese C. Beyond the big cities: HIV in rural America—a growing threat. 1999;7(3):61-62,64,66-67.

Nelson JA. Adolescent risks, adult consequences. HIV infection issues in America's youth. 1999;7(9):57,59,82.

Schweigsuth B. Candidiasis in children with HIV. A protocol for diagnosis and treatment. 1999;7(7):61-64.

Williams A. Bridging the gap. Bringing new antiretroviral medications into the clinic. 1999;7(1):24-32.

### Alternative Health

Clark CC. The power of suggestion. How self-hypnosis can assist your patients. 1999;7(2):78-80,82.

### Arthritis

Campbell JM, Linc LG. Managing osteoarthritis pain. Strategies for elderly patients. 1999;7(4):57-58,60.

### Asthma

Janson S. Practical issues in asthma management. Self-care plans for adult patients. 1999;7(7):53-56,64.

Mason PJ, Naumann PL, Huss K. Reducing the toll of asthma on children and families. Self-management offers solutions. 1999;7(2):30-35.

Peters S. Under control. Managing asthma and diabetes in pregnancy. 1999;7(11):73-74.

Yurik D. Asthma and upper respiratory infection. More serious than you might think. 1999;7(9):61-62.

## Clinical Clips

### Addiction Medicine

Bupropion use can result in long-term smoking cessation. 1999;7(9):21.

Cocaine use linked to STD patients' high-risk sexual behavior. 1999;7(7):20.

### Asthma

Inhalers reduce asthma-related emergency and inpatient costs. 1999;7(10):22.

### Cardiology

Depression increases risk for coronary artery disease. 1999;7(1):14.

Estrogen may offer cardiac benefit in men. 1999;7(5):18.

Implantation device helps treat coronary artery disease.

1999;7(9):21.

Interaction between two heart failure drugs questioned. 1999;7(11):21.

Telmisartan effective against hypertension. 1999;7(4):18.

### Dermatology

Zinc offers few benefits in leg ulcer treatment. 1999;7(4):18,21.

### Diabetes

Automated telephone disease management effective. 1999;7(12):17.

Depression in adults with diabetes. 1999;7(8):21.

Diabetes linked to cardiovascular disease. 1999;7(1):14.

Gender makes a difference in insulin sensitivity and resistance. 1999;7(6):17.

Weight gain linked to insulin resistance syndrome. 1999;7(3):18.

Workplace interventions may help diabetes patients. 1999;7(10):22.

### Geriatrics

Gene therapy keeps aging muscles strong. 1999;7(6):17-18.

Older patients benefit from cholesterol-lowering medication. 1999;7(3):18,23.

Older people with impairments drive less. 1999;7(1):14,16.

Self-assessment tool can screen for hearing loss. 1999;7(2):14.

Test proves reliable for detecting dementia. 1999;7(5):18.

### HIV/AIDS

Health care workers face risk of contracting HIV. 1999;7(8):21-22.

### Infectious Disease

Pneumococcal vaccination has low side effect risks. 1999;7(7):20.

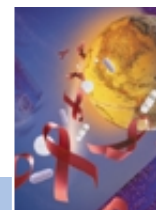

### Mental Health

Aggression linked to size in children. 1999;7(2):14,17.

Aggressiveness in dementia patients linked to depression. 1999;7(7):22.

Antidepressants lower health care costs, study shows. 1999;7(1):16.

Cognitive-behavioral treatment fights depression. 1999;7(3):23.

Drug treatment improves panic disorder symptoms. 1999;7(4):21.

Late-life depression: presentation without sadness. 1999;7(12):17.

Predicting responses to cognitive-behavioral therapy for bulimia nervosa. 1999;7(11):21.

Post-traumatic stress after car accidents. 1999;7(11):21-22.

Two humor types and mood. 1999;7(10):24.

**Minority Health**

Spanish-speakers less satisfied with medical communication. 1999;7(12):18.

**Neurology**

Atomic bomb survivors do not exhibit dementia predominance. 1999;7(9):21-22.

Neurophysiologic features may be clinical entities. 1999;7(5):21.

**Nutrition**

Dietary manipulations affect obese and lean women alike. 1999;7(10):24.

Fat-free chips are a smart substitute. 1999;7(2):17.

Low energy found in spinal cord-injured subjects. 1999;7(5):21.

Meals including milk meet students' dietary needs. 1999;7(6):18.

Study supports benefits of olive oil. 1999;7(3):23.

**Obstetrics**

Pregnancy weight gain key during last trimester. 1999;7(4):21.

Tumor disease shouldn't discourage pregnancy. 1999;7(8):22.

**Oncology**

Early detection can improve breast cancer recurrence outcome. 1999;7(6):18.

Reconstruction following rectal therapy avoids infection. 1999;7(7):22.

Tobacco smoking and gender. 1999;7(10):24.

Wine intake may protect against lung cancer. 1999;7(9):22.

**Ophthalmology**

Hereditary affects eyesight

traits. 1999;7(7):22.

**Orthopedics**

Many patients return to sports after knee replacement. 1999;7(2):17.

**Pain Management**

Nonmalignant pain in nursing homes is mistreated. 1999;7(12):18.

**Pediatrics**

Bicycle handlebars injure. 1999;7(3):23.

Hair products cause premature sexual development. 1999;7(4):21.

SIDS deaths and nicotine exposure. 1999;7(2):17.

Sleep and TV habits in children. 1999;7(12):18.

Students unaware of confidential care options. 1999;7(1):16.

Youth drug trafficking prompts other risk behaviors. 1999;7(8):22.

**Pharmacology**

Long-term NSAID use reduces colon cancer risk. 1999;7(6):18.

**Public Health**

Condom distribution does not increase students' sexual activity. 1999;7(8):22.

**Rheumatology**

New advances, insights and options in lupus and sjögren's. 1999;7(11):22.

**Surgery**

Antireflux surgery enhances gastric emptying, study shows. 1999;7(5):21.

**Telemedicine**

Patient e-mail consultation: beneficial yet problematic. 1999;7(9):22.

**Wound Care**

Factors associated with venous leg ulcer healing. 1999;7(11):22.
